

# MassHealth

## How Do I Renew?

MassHealth will mail you a letter with your renewal date and a paper application 60 days before your coverage expires. Submit a new application by the date listed in that letter to keep your coverage. **If your renewal date has passed, you are encouraged to apply online as soon as possible to minimize your gap in coverage.**

- **Online**; You may go to [MassHealth's website](#) to get started. The fastest and easiest way to reapply for coverage for both individuals and families is by visiting [MAhealthconnector.org](#). Simply click 'Start Your Application' on the homepage. You will need to create a new account if you do not already have one.
- **Over the phone** at 800-841-2900 (TTY: 800-497-4648) with a MassHealth representative who can answer your eligibility questions.
- **In-person** at an Enrollment Center. See a list of locations at [MAhealthconnector.org/help-center](#).
- **On paper** using the application you received in the mail from MassHealth.

## Questions? Need help filling out your Application for MassHealth Benefits?

Call the **MassHealth Customer Service Center at 800-841-2900** (TTY: 800-497-4648) or BMC HealthNet Plan at 888-566-0010 (TTY: 711).

## No Longer Qualify for MassHealth?

Take our [eligibility quiz](#) to see if one of our other affordable health plans is a better fit for you.
